## PARTICIPANTS

### MRS NIRANJANA W/O LT CDR SARVESH (WINNER)

Blessed with my wife and two kids. My wife is a teacher at NCS. Daughter is in class 11 and son is in class 9.

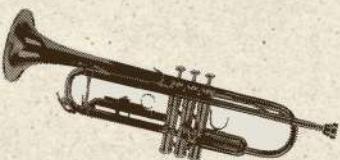

Music is my life and my first love.

I did not have to choose it.

I was born with it.

I wish every human being a happy, joyful and fulfilling life. In my opinion, that should be the only aim of one's life.

### CAPT ASHUTOSH (1<sup>ST</sup> RUNNER UP)

I reached finals of VOV only because of my family. My mother, sister and my husband are my greatest support.

I connect spiritually through music. This is where I thrive.

My mother is a singer and my sister is a classical Bharatanatyam dancer. I have got the art from them. Music is all I know.

I wish to learn and sing more and more. Someday I hope I make my parents proud.

MRS UMA MAHESWARI  
(2<sup>ND</sup> RUNNER UP)

I am Uma wife of Cdr Gunaseelan. We are blessed with a daughter, Udaya Tarini and a son, Karthik Krishna. We enjoy travelling and are avid music lovers and art enthusiasts. To me, music is a journey which connects the soul with the enigmatic force of the divine omnipresent. Sometimes things happen naturally and have no explanation, and I feel blessed that music occurred to me as one such gift. My music journey began in childhood with the Doordarshan serial Rangoli, wherein I would attempt retro Bollywood songs upon request from my family.

Seeing my talent then, the Indradhanush musical team at Prasar Bharati Port Blair invited me as a child artist to perform for a few radio shows. Thereafter, singing movie songs during college days at various events and festivals kindled the singer in me. The pandemic took my journey to formally learning classical music through a guru who realised my inherent natural fervour. I am pursuing to sharpen my skills as I move on with the musical journey. As for my outlook towards life I would like to quote St Francis of Assisi - Start by doing what's necessary; then do what's possible; and suddenly you are doing the impossible. And as for music to me is the feeling like that of sipping a cup of my favourite tea enjoying every drop of it while admiring the beauty of nature, relaxed and reading my cherished book.

MRS DEEPTHI KUMAR  
(FINALIST)

I belong to Delhi since childhood I crave for music. I got myself into a wedding knot with Neeraj, an army officer, with the blessings of Almighty, blessed with twins Shivansh and Suhana and two Adorable Paw friends, Leo and Lara. We are a fun-loving, happy family. Music gives me the opportunity to express myself to the world. Music is my ultimate identity. Since childhood, I have been inclined towards music, used to listen to songs on the radio, and used to record them on my mother's bhajan cassette. So when I was capable enough to look for a guru, I started learning music. My outlook towards life is simple: never depend on anyone else for happiness. True joy comes from within, from self-love and inner peace. Music is the reason I'm alive, it's not just sound, it's the voice of my soul. And when I'm on stage, I'm like a bird, free to fly high, beyond limits, beyond fears that's where I truly come all.

LT CDR JASU YADAV  
(FINALIST)

I have been in Visakhapatnam for 3 years. Got married and also got blessed with a kid in Visakhapatnam itself. Cherishing these moments along with my wife and son.

Music to me is anything and everything. From turning me on in my downtime, to making me calm in my prime, from making me run faster and longer runs, to soothing my wife when she's mad at me.

A gifted voice, multiple competitions in school, college and within the navy made me realise that I want to pursue music as my passion.

My life message is working on the mantra of Give your best, wherever you are, and whatever you're bestowed with. Because that's the only thing that's there in your hand, and leave rest to the magic of destiny.

I'm from the 21st Naval Engineering course and presently appointed as Cadet onboard S4. I got married in 2013 and was blessed with two beautiful angels. The elder Daughter, Drushti, has got a great sense of music and a beautiful voice. Presently pursuing a course in singing through the Artium Academy. Music is a part of my life. Singing has been my motivational factor whenever I feel low in emotions.

Started my musical journey since my academic time, came into passionate singing post marriage, as my wife likes hearing me sing.

Music is life. Music gives rhythm to the life and gives the power to tackle ups and downs in life.

CDR SHRIKANT BANSODE  
(FINALIST)

### L T MALAY SWARNKAR (SEMI-FINALIST)

I am w/o Lt Cdr Alokjyoti Chakraborty and a teacher by profession currently a full time mother to our sweet little boy, Hridhaan.

I honestly feel music has the power to convey and evoke a wide range of emotions. It can capture and communicate feelings that are difficult to express through words.

I have grown up listening to a versatile range of music, ranging from Rabindra Sangeet, retro classics, to English band songs, and it has inspired me to learn and pursue music as my passion. Learning music has shaped my life by giving me creativity and confidence.

In today's tumultuous world, music is the only thing which brings people together without any kind of discrimination. Music unites people through shared experiences, emotional connection, and its ability to transcend language and cultural barriers.

I am from Indore, I like singing, playing sports, reading books. My mother is a pillar of strength in my life.

Music is a soothing activity, it relaxes me at the end of the day. It's the calm amidst the chaos in my life.

I always enjoyed singing. Something about tunes and rhythms always attracted me. Music can propel you in life. Its always there for you, no matter what you're going through.

### MRS PRIYA BANERJEE (SEMI-FINALIST)

L T ADITYA KUMAR  
(SEMI-FINALIST)

My family consists of my wife, Madhu and 2 yrs 2-year-old daughter, Arnika. They are the pillars of confidence for all my performances. Music is a universal language that evokes emotions and memories. For me, songs are personal and often tied to specific moments or people. They have the power to transport me back in time and evoke strong feelings. My singing journey began with participation as a filler performance in an Inter-House Cultural Competition in the 6th Standard. It boosted my confidence and resulted in multiple on-stage performances, including Solo, Duets and Group Songs throughout my school days. I was a part of the Group Song team for Inter-school Cultural Competitions. The participation developed my skills in harmonising and performing in front of diverse audiences. Over time, I've honed my craft through regular practice, performances, and feedback from fellow singers.

Life is a beautiful melody, and music is the rhythm that gives it meaning. To me, music is not just a passion, but a way of life that brings purpose, joy, and healing. It helps me navigate life's ups and downs, and I'm forever grateful for its presence in my journey.

My beautiful family consists of me, my husband Marvin and our two children, my daughter Hannah (17 years old) and my son Samuel (14 years old).

Music is my comfort and solace. It offers me a temporary escape from the stresses of daily life and gives me a sense of nostalgia.

Listening to songs on the radio sparked a genuine passion for music within me. "Music is one of the longest-standing self-prescribed therapies in history" - Erin Seibert.

MRS SILVIA MARVIN. W/O GDR A

**MRS BINY BHATT**  
JW/O CDR KEWAL BHATT  
(SEMI-FINALIST)

We are a family of three happy individuals. We hail from the Kumaun region of Uttarakhand.

Music is the cure to all my problems, so I sing through joy, sorrow and every moment in between.

I hail from Uttarakhand. Our tradition has everything linked to music. Our festivals are celebrated through music. So, I started learning those at home from my mother. As I grew, my music grew with me. Starting from listening to Lata Mangeshkar Ji on Vivid Bharti to performing the songs of Shreya Ghoshal on stage, music has been my constant.

Music is a vital part of my existence. I have found a connection with people through Melodies and Rhythm. Life is a beautiful journey, just keep your MUSIC ON!

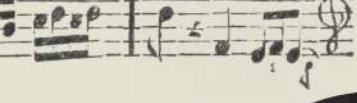

I'm Cdr Gunjan Pant, 14th NEC, music liberates me. Introduced to harmonica and synthesizer in childhood, I later played in school brass band and participated in choir events. After joining Navy, I picked up drums and singing as a hobby. During COVID-19 lockdown, music graduated from hobby to passion. Music mirrors life's highs and lows, but its rhythm gives strength and balance. Voice, sound, and music are constants that make us timeless. I urge everyone to embrace music - it heals, uplifts, and makes life beautiful. With family support, including wife Megha and kids Ahaan and Aadya, music remains vital. I find solace in its rhythm, and I believe it can do the same for others.

**SEMI-FINALISTS, & MEMBERS OF ORGANISING COMMITTEE**

I hail from Coimbatore. I like singing and listening to music. My wife and 3-year-old Son enjoy watching singing performances.

Music allows the inner voice to come out. It is a tool for touching one's soul.

I was interested in singing from childhood, which my mother noticed and put me in a music class. Also, she gave me a chance to sing on stage in front of my whole school during my 2nd standard. Since then, I enjoy singing on stages.

Life is always joyful with music being a part of it. Music and rhythm touches the soul, and the understanding of lyrics plays a vital role to feel and enjoy singing.

### L T CDR KEERTHI NIRANJAN

---

Our family is a beautiful mix of love, chaos, and occasional drama, but no matter how loud things get, we always have each other's backs.

Music is my therapist who doesn't charge and never judges my shower concerts. It turns my chores into dance floors and my mood swings into playlists!

I don't use music as a comfort, my therapy, my voice, and my joy. It's how I vent, celebrate, and sometimes just survive the chaos with a smile.

Life, to me, is a mix of highs and lows like a song with all the right notes. Music gives meaning to the silence, strength in the struggle, and joy in the ordinary.

MAJ RIDHIMA (RETD)

### MRS JAANI MANMOHAN

Have two beautiful children. Dilnoor 6 years and Mehtaab 2 years.  
Family of four.

Happy and beautiful family.

It means relaxation and peace of mind.

Because I love to sing.

Do what your heart says.

Kerala-born, Bangalore-rooted  
drawn to rhythms, colors, and  
quiet escapes into nature and  
travel.

For me, music is more than  
sound; its my heart's true  
calling, a force that brings  
clarity, balance, and purpose  
to my journey.

When heart calls, no second  
thoughts

Something that I always  
cherish as the most beautiful  
part of my existence.

L.T. VAISHNAVI

MRS NITIKA KAPOOR W/O L.T  
CDR SWAPNIL CHOUDHARY.

My husband is serving in the Indian Navy on INS Sumitra as Executive Officer. We have a lovely daughter named Yukta. She is 4 years old. Music is like a universal language that translates your emotions easily. It is expressive and through it you can share your experiences, feelings and make connections. Music is relaxing to me. It takes me to a whole new world where there are no worries or assignments, or deadlines!

I have been singing since I was very small with my father in temples on Harmonium..started learning with my father since childhood, and it became my passion with age. Want to continue this passion in my daughter since she has interest in Music. I believe in the thought " What you seek is seeking you" means that whatever you want to achieve in your life, just works towards that without thinking about the result. Just give your 100%. You will definitely get what you deserve. Be positive always, and music is just like that to me. It makes me positive and fade away all tensions.

I belong to Odisha and first one in my family to join the armed forces. Wife Neelam was an airhostess in three different airlines with 8 years of flying experience. Two daughters, Ananya & Adwika (11 & 6 years old), studying in NCS.

Music is stress relief for me. Never learnt it from any institution, but always enjoyed singing. Its not just a hobby but the best way to express myself.

It's not my passion. I just enjoy it After silence, that which comes nearest to expressing the inexpressible is music.

CDR PRATYUSH K DASH

### MRS RITUPARNNA PATEL

I am an in-living officer living far away from family, which consists of both of my parents and an elder sister who is married.

Music is my escape and expression, it's where I find comfort, inspiration, and a voice when words fall short. It connects emotions, memories, and moments in a way nothing else can.

I didn't exactly choose music; music kind of chose me! One minute I was just humming along, and the next I was hooked, turning every spoon into a mic and every moment into a jam session. It's been my favourite kind of chaos ever since!

Whenever I feel alone, I just start singing off-key or not, it works like magic. And when I can't find the right words to say (especially when I'm mad or in love), music does the talking for me. It's basically been my emotional support playlist through every mood swing and meltdown! Life's all about going with the flow but being prepared for whatever comes next, and music helps me do just that.

We are a small, loving family of three: me, my husband, and our adorable golden retriever, Truffle. Together, we were a close-knit team who cherished every moment.

Music, to me, is an escape, a healer, and a reflection of emotions I can't always put into words.

I didn't exactly choose music, it chose me. From a young age, I felt an unexplainable pull toward it.

Music is incredibly important to me, it's my emotional anchor, my creative outlet, and a part of who I am.
